The Interplay Between Inborn Errors of Immunity and Blood Disorders: Unravelling Immune Defects Behind Common Haematological Diseases

---

Join us for the **first meeting of the IEI-Haem Consortium!**

Explore the “other side of the coin” in immune and blood disorder research!

 Date: 24th January 2025

 Location: Meyer Health Campus, via Cosimo il Vecchio Florence, Italy

 120 Spots Available – Register Now!

Gain insights into the latest advancements in understanding how inborn immune defects contribute to haematological diseases. Don't miss the chance to collaborate and learn from leading experts in the field!

Meeting Secretariat:

NEUROFARBA Department, University of Florence

For information, on-site support and assistance, please contact:

Sabrina Blescia: sabrina.blescia@unifi.it
Alessandra Esposito: alessandra.esposito1@unifi.it

Preliminary Programme

- 9.00 Introduction and official greetings
- 9.15-30 Presentation of the consortium

  Eleonora Gambineri (Consortium Coordinator, Florence, Italy)
- 9.30-10.45: The Haematology-Oncology Scenario on IEI

  Markus Seidel (Austria) Filomeen Haerynck and Isabelle Meyts (Belgium)

Coffee break 10.45-11.15

- 11.15-12.00: The landscape of Cytopenias (Autoimmunity and Lymphoproliferation)

  Elie Haddad (Montreal, Canada) and Enrico Attardi (Rome, Italy)
- 12.00-12.45: Genetic characterization of Lymphoproliferation

  Pere Soler Palacín (Barcelona, Spain) and Qiang Pan Hammarström (Stockholm, Sweden)

Lunch 12.45-13.45

- 13.45-14.15: The pathologist point of view

  Marco Pizzi (Padua, Italy)
- 14.15-15.00: Unravel immunological pathways using transcriptomics and whole-genome sequencing

  Vincent Philippe Lavalleè (Montreal) and Frédéric Rieux-Laucat (Paris)
- 15.00-15.45: Real-life experiences: discussion of clinical cases

  Filippo Consonni and Laura Batlle
- 15.45-16.15: The floor to the patients: State of the art of the website

  Nana ETS (Donatella Capone) and APIQ (Geneviève Salomon)
- 16.15-16.45 Wrap-up, discussion and possible collaboration

With the support of

BD KEDRION BIOPHARMA
